AMENDMENTS TO THE CLAIMS

- 1-11. (Cancelled)
12. (Previously presented) A composition comprising 1,1,1,3,3-pentafluorobutane and more than 5 % of weight of at least one non-flammable fluoro compound presenting no flash point according to ISO standard 1523 and wherein said fluoro compound is a perfluorocarbon and further comprising a surfactant.
13. (Previously presented) The composition according to Claim 12, further comprising at least one non-fluoro organic solvent.
14. (Previously presented) The composition according to Claim 13, in which the non-fluoro organic solvent is a hydrocarbon, halohydrocarbon, aliphatic ester, aromatic ester, ketone, alcohol or ether.
15. (Currently amended) A composition comprising 1,1,1,3,3-pentafluorobutane and more than 5 % of weight of at least one non-flammable fluoro compound presenting no flash point according to ISO standard 1523 and wherein said fluoro compound is a perfluorocarbon and further comprising at least one non-fluoro organic solvent in which the non-fluoro organic solvent is ethyl acetate, 1,2-dichloroethylene, methanol, ethanol, n-propanol, n-butanol, tert-butanol, tetrahydrofuran, diethyl ether, methyl isopropyl ether, monomethyl ether, isopropanol or isobutanol.
- 16-17. (Cancelled)

Application No. 10/816766
Reply to Office Action of March 27, 2006

Docket No.: 05129-00079-US

18. (Previously presented) The composition according to Claim 12, wherein said surfactant is an imidazoline or alkylbenzenesulphonate type.
19. (Previously presented) The composition according to Claim 12, wherein said perfluorocarbon compound is perfluoropentane or perfluorohexane.
20. (Cancelled)
21. (Previously presented) A composition comprising
 - a) an azeotropic or pseudo-azeotropic mixture consisting essentially of from 40 to 80% by weight of 1,1,1,3,3-pentafluorobutane and from 20 to 60 % by weight of perfluorohexane, or
 - b) an azeotropic or pseudo-azeotropic mixture consisting essentially of from 13 to 50% by weight of 1,1,1,3,3-pentafluorobutane and from 50 to 87 % by weight of perfluoropentane.
- 22-23. (Cancelled)
24. (Previously presented) A solvent which comprises the composition according to Claim 12.
25. (Previously presented) A degreasing solvent which comprises the composition according to Claim 12.
26. (Previously presented) A drying agent which comprises the composition according to Claim 12.

Application No. 10/816766

Docket No.: 05129-00079-US

27. (Previously presented) A toner-fixing agent which comprises the composition according to Claim 12.
28. (Previously presented) A refrigerant which comprises the composition according to Claim 12.
29. (Previously presented) A heat exchange fluid which comprises the composition according to Claim 12.
30. (Previously presented) A composition according to Claim 12, which comprises an effective amount of non-flammable fluoro compound which makes the composition non-flammable.
31. (Previously presented) A composition according to Claim 12, wherein the number of fluorine atoms divided by the number of hydrogen atoms in the molecule of the nonflammable fluoro compound is greater than 2.
32. (Previously presented) A composition according to Claim 12, wherein the non-flammable fluoro compound comprises a perfluorocarbon.
33. (Previously presented) A composition according to Claim 12, wherein the non-flammable fluoro compound is perfluoropentane.
34. (Previously presented) A composition according to Claim 12, wherein the non-flammable fluoro compound is perfluorohexane.
- 35-40. (Cancelled)

Application No. 10/816766
Reply to Office Action of March 27, 2006

Docket No.: 05129-00079-US

41. (New) The composition as claimed in claim 12, wherein at least 10 % of weight of at least one non-flammable fluoro compound is used.
42. (New) The composition as claimed in claim 12, wherein at least 20 % of weight of at least one non-flammable fluoro compound is used.
